## 25<sup>th</sup> September 2020

Good Afternoon Families. This week children have been continuing to settle into Pre-school life, using their individual interests to help each child feel at ease. The children have enjoyed spending time outside, developing their physical capabilities especially enjoying running, chasing and popping bubbles! A quick reminder that we are unable to allow parents and carers into the setting at drop off and collection times. Please inform those who are authorised to collect your children about this. With Covonavirus still presenting a major threat to us all it is important to remain vigilant and be aware of the signs and symptoms. <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/>

### Honeys Report

This week the children in Honey's have been continuing to settle into Pre-school life. They have been enjoying making new friends and selecting the toys they want to play with. Individual water trays were used to wash the dinosaurs using sponges and jugs for pouring. During outside play the children busily chased bubbles and used magnifying glasses to look for bugs and explore the natural world around them. Children have been busy getting creative by mark making, drawing and sticking -all of which are great for developing their motor skills.

### Bumbles Report

The children in Bumbles have been exploring and using a variety of shapes to make different pictures. This developed into conversations about who lives in their house, their pets, siblings and the things they like to do at home and Pre-School. In craft, the children have been looking at colours using paint to investigate how these can be mixed to create new colours. The children have been looking at numbers using a variety of games and activities, such as matching the blocks and ice cream scoops to a number.

### Springfield Bee's Artists of the Week.

Well done Aadiya for being Bumble's Artist of the week! What a great picture you made by decorating apples and honey in celebration of Rosh Hashanah .

A picture of your daddy! Well done Harriet for using the blue paint so well and being Honey's Artist of the week!

### Tapestry

We have now launched our online Learning Journal system and have emailed parents activation details. Once you are registered you can log on to access information about your child and what they have been doing at Pre-School. You can monitor progress, add comments and make contributions to the journal by adding details about what has been happening at home.. You will need to activate your account in order to access your child's online learning journey. Please look out for these as they may have gone into a junk folder.

### IMPORTANT

If your child or any members of your household have symptoms of Coronavirus please remain at home and arrange for a test online or by calling 119.
