## 25th March 2021

Good afternoon to all of our families, we hope that this round up finds you well. It's been a busy last week of term with the children all excited for Easter! To enhance their understanding of Easter we were lucky enough to have one of our parents join us to build an 'Easter garden'. Pastor Jimmie Massey from the Danbury Missionary helped the children to build a 'garden' using stones, moss and flowers whilst telling the Easter story. Visuals are a fantastic way of helping children to remember and understand what they are being told. Of course there was talk of chocolate eggs and surprises too! Don't forget to check out our YouTube channel where Jenny has been busy with her Makaton videos. Please show your children and see if you can have a go at Jenny's latest signs. We are back on Monday 12th April and hope you all have a lovely break.

### Bumbles Room

In Bumbles room there have been lots of Easter craft activities on offer for the children to participate in. They have experimented with colour mixing for Holi, the Hindu festival of Spring, predicting what will happen if different colours are mixed together then finding out. This is great for extending vocabulary. After Easter there will be more focused activities taking place to support the children with school transition so Bumbles room will have a letter and number of the week.

### Honeys Room

There has been lots of colourful hand printing, making cards for the Hindu festival of Holi which will be celebrated on 28th-29th March. The children have been making Easter chicks and decorating Easter eggs in preparation for Easter Sunday. The field is full of daisies so outdoor play has involved lots of flower picking which has been extended in the room to include perfume making in the water tray. So much fun! After Easter our book of the week will be 'The Very hungry caterpillar' by Eric Carle.

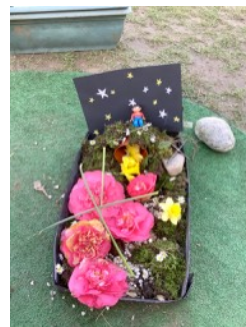

### Covid Information

If your child has any of the main symptoms of coronavirus they **MUST** not come to Pre-School. They **MUST** have a test as soon as possible and stay at home until you get the result. Symptoms are:

- a high temperature.
- a new, continuous cough - this means coughing a lot, for more than an hour, or 3 or more coughing episodes in 24 hours.
- a loss or change to sense of smell or taste - this means they cannot smell or taste anything, or things smell or taste different to normal.

Get advice from NHS 111 if you're worried about your child or not sure what to do.

The colour of the week will be orange

The shape of the week will be oval
